

to call on President Taft and urge him to sell the land without delay. "Who did you think Adams was?" "Why I thought he was somebody with powerful influence who would go to the President and to Congress and tell them what he wanted. We were not so anxious to give up 10 per cent., but we thought it would be better to sell on that basis than not to get anything at all. We were in the dark as to how matters stood in Washington, but we thought Adams would be able to fix things all right."

This would be the style for men if they followed the feminine fashions. Our hats are big enough, but we don't overdo it. This week every straw hat in our store has had a THIRD shaved off the price. \$2 Hats at \$1.00. \$2 Dunlop Hats at \$3.34. \$4 Dunlop Hats at \$2.67. \$10 Panamas at \$6.67. \$7.50 Panamas at \$5.00. Every day this month we offer a "special." Come and see.

On a demurrer, the defendants had no right of appeal to the Supreme Court. It is the belief of the government officials that the authority to appeal was sought and secured not with any idea of the case, but to buy time in the court of final resort, but simply to gain a delay of a year or eighteen months.

This belief is based on the fact that the lands involved in this case are practically all coal and oil lands, and every day that passes they are being stripped of these natural resources as fast as the coal can be mined and the oil pumped. A year and a half delay means millions of dollars to the claimants and secure the benefits to the possessors of the land is to apply to the United States court in Oklahoma for a receiver for the lands just as soon as the autumn term begins. In this way the court will exercise full control over all the operations and secure the benefits to the successful litigants.

In investigating the contracts by which the land in this case are being defrauded of the lands granted them by the government, it is said that the Department of Justice officers have unearthed a startling number of affairs, involving many well known persons, which will come out when the cases are heard. The government is fighting the cases hard for the Indians, and once the lands are reclaimed, it is proposed to further protect them if necessary can be prevailed upon to do so.

President Taft has told several of his cabinet members that he is acquainted with Vice-President Sherman's attitude as to the Indian contract cases involved in the pending Oklahoma investigation, and that he knows the Vice-President was strenuously opposed to the decision in favor of the government by the Court of Appeals of the Eighth Circuit. As the matter had been taken into the Circuit Court

of the general equation of the tenth degree to the ninth and on down to one of the known equations by which it then could be worked out, his statement is worthy of the closest investigation. If he can do this thing, hitherto believed impossible, he has made a name for himself as great or greater than any mathematician, living or dead. His name will live forever.

So said Professor J. M. Greenwood, superintendent of the Kansas City Public Schools, last night. "I have known McGinnis for years," continued Professor Greenwood. "He taught mathematics in a college at Wichita, Kansas, also in Southern Missouri. His book entitled 'Algebra, the Universal Solution for Numerical and Literal Equations,' written, I am told, during a former term in prison, is a marvelous work. He had one of the best methods for solving numerical equations known to-day. There is not a mathematician in Europe or America who is this man's equal in solving numerical equations. But for drink, he would be an international authority to-day."

Mathematicians so far never have been able to solve literal equations above the fourth degree. McGinnis says he can work them in the tenth by a system of reduction to a known equation. European mathematicians claim they have proved it impossible to work above the fourth degree, but they agree with them. I believe that some day it will be done. It took a long time for the old fellows to solve the first degree, still longer before they could work in the second and third and a much longer time before they got to working in the fourth degree. Perhaps McGinnis has accomplished what he claims. I believe he can do the thing, if any man can."

Dividend Increased. Montreal, August 8.—The Canadian Pacific railway to-day announced that the dividend of the company has been increased from 1 to 1 1/2 per cent.

Men Are Sufocated. Lorain, O., August 8.—Two men were suffocated and two others buried all but their heads and perhaps fatally injured to-day in a cave-in of a sewer trench in which the men were working. The dead were A. Galoe and J. Taubean. The injured were J. Dretzman and George Matthews.

Forecast: Virginia—Fair Tuesday; Wednesday, mostly cloudy; Thursday, showers in north portion; light, variable winds. North Carolina—Fair in west; showers in east portion; Tuesday; Wednesday, showers; light to moderate west to northwest winds, becoming variable.

CHINESE HONOR DEAD

Later Eat Up Good Things Provided for Departed. Chicago, Ill., August 8.—Loaded down with baskets of the pickled goose and pig and every imaginable Oriental delicacy, 250 Chicago Chinese yesterday gathered at Rose Hill Cemetery to do honor to their departed relatives. Incense was lighted on each of the two hundred of monuments erected at Chinese and Chinese erected at one end of the ground where burned remains and reams of various colored paper. After the ceremonies all the good things to eat were brought from the cemetery and last night in the tong houses in Clark Street great feasts were held. "It is our Decoration Day," said one of the Chinese. "It is equivalent to the American Decoration Day only we don't care whether our dead were soldiers. We honor women and men alike."

HATTERS' SUIT APPEALED

Famous Conspiracy Suit, Begun in 1903, Still in Courts. New Haven, Conn., August 8.—The famous suit of D. E. Lowe & Co., of Danbury, against Martin Lawler and others, in which the plaintiffs alleged 200 members of the hatters' union conspired to injure their trade, has been appealed. The transcript of the case makes five volumes, or 2,763 pages. The defendants appealed from a judgment of \$22,000 given by a jury in the United States District Court. The appeal will be entered August 20, and attorneys expect to argue the case during the fall. The suit was begun in 1903.

SOCIALISTS WIN POINT

Force Action by Labor Body on Question of Government. Chicago, Ill., August 8.—Socialists captured the meeting of the Chicago Federation of Labor yesterday. At the close of a three-hour debate they secured their own way, and forced through a motion to submit to a referendum vote of all the unions in the city the question of co-operating with the Socialist party or the formation of an independent labor political organization. The vote must be sent in within sixty days, and the Socialist orators are preparing to invade the union meetings and spread their propaganda.

MARCHER IS RECAPTURED

American Fugitive Again in Custody of Norwegian Police. New York, August 8.—Leon H. Marcher, who is charged with the larceny of \$5,000 from the safe of the Morse Iron Works, in Brooklyn, last April, is again in the hands of the Norwegian police, from whom he escaped shortly after he was captured by Christiania, last week. Word of his recapture was received to-day by cable from Chief of Detectives Mossin, at Christiania, who informed the local authorities that Marcher would be held to await the arrival of extradition papers from the United States. Marcher, who was a bookkeeper for the iron works, disappeared shortly after \$5,000 was missed from the company's safe, where the cashier had just placed that amount in cash.

CHICAGO COMPLIMENTED BY NEW YORK MAYOR

New York, August 8.—Mayor Gaynor complimented Chicago to-day on her progress in budget reform. On August 4, Comptroller Walter M. Wilson, of Chicago, telegraphed the Mayor as follows: "Chicago this year adopted the most scientific budget in its history, and is interested in carrying forward the reform. Hearing of your proposed budget exhibit, may I ask for further details regarding it?"

In reply, the Mayor wrote to-day: "It is gratifying to hear of budget progress in Chicago. You have helped us and other American cities by your classification of appropriation titles, which shows at a glance whether for supplies or salaries, etc. "We want taxpayers to realize that our city budget is not a book of 350 pages, but a carefully planned budget for spending their money and doing their work. Therefore this exhibit and our report to photographers, charts, samples of supplies, lantern shows and other means of popularizing the facts about city needs and city expenses. "Such an exhibit never will shortly be put on view."

Farmer Fatally Hurt. Clarksville, Ill., August 8.—Harry G. Davis, a farmer, was fatally injured here to-day by a Knight Templar special train, which struck his wagon and killed his horse. The train was en route to Chicago when the accident occurred. Davis was taken to a hospital, but he died shortly thereafter. None of the knights were hurt.

Men Are Suffocated. Lorain, O., August 8.—Two men were suffocated and two others buried all but their heads and perhaps fatally injured to-day in a cave-in of a sewer trench in which the men were working. The dead were A. Galoe and J. Taubean. The injured were J. Dretzman and George Matthews.

COURT CROWDED BY SOCIETY FOLK

(Continued From First Page.) You know of the existence of gambling there?" "I don't know that there is any gambling there. No complaint has ever been made to me about the place." "Have you not known right along that this was a gambling club and that there has been gambling there this summer?" "No, I have not; that is the truth." "Why is it that the police have not acted against this place?" "Because no complaint has been made to me." "What action are you going to take to get the gamblers?" "I shall take action according to law. If a complaint is made to me and proper evidence furnished, I will proceed." "What are you going to do about those gambling implements found there?" "Nothing; that's up to John Cross."

YOUTH TO WED OLD AGE

Louisville Bride-Elect Is 22, Her Intended Husband 78. Chicago, Ill., August 8.—A romance of youth and old age was disclosed yesterday with the formal announcement that Rev. Herrick Johnson, seventy-eight years old, professor emeritus of McCormick theological seminary of Chicago, and a former president of that institution, is to wed Miss Margaret Duncan, twenty-two years old, a society woman of Louisville. The announcement was made by Mrs. Herrick J. Gray, of St. Louis, a sister of Mr. Johnson, and with whom he has been living. Details have not yet been announced. Rev. Mr. Johnson's wife died about four years ago. He is widely known in the Presbyterian Church, and was moderator of the general assembly. Dr. Johnson and Miss Duncan met a year ago at Atlantic City.

CELBA IS TAKEN

New Orleans, La., August 8.—Advices received here to-night are to the effect that Celba, Spanish Honduras, has been taken by the revolutionists under the leadership of General Lee Christman, and it is reported that an attack on Celba was made Thursday.

DEMOCRATS MEET IN HARMONY CONFERENCE

Albany, N. Y., August 8.—Thirteen representatives of the Democratic State Committee, the Democratic League and the Progressive Democrats met in Albany to-day to discuss the tariff law, which he designated as a repudiation of the pledges of the Republican party, made by Senator La Follette and severe condemnation.

BRISTOW ON WARPATH

Debonours Tariff Law and Regular Republican Leaders. Oshkosh, Wis., August 8.—Criticism of the tariff law, which he designated as a repudiation of the pledges of the Republican party, made by Senator La Follette and severe condemnation.

Advertisement for Stomach, Liver, and Lungs. Each of the chief organs of the body is a link in the chain of life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called weakness is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion, and in such cases the weakness of the stomach and its allied organs, nutrition. Diseases and cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also. The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body.

Mrs. J. H. Hanan and P. S. P. Randolph in Narragansett Club During Raid

for Senator Aldrich, Speaker Cannon and Attorney-General Wickersham were the principal points of an address given to-night by United States Senator Joseph L. Bristow, of Kansas, in opening the campaign of United States Senator R. M. La Follette for primary nomination for re-election. Mr. Bristow asserted that the party pledge regarding the tariff had been violated, he said the tariff, instead of being revised for the benefit of the consumer, was detrimental to the American standard of living. He said that Aldrich and Cannon had called him a "liar" but that they had failed to specify wherein he had lied. He was ready to meet them with proof for every statement he had thus made.

A CABLE AD EVERY DAY Send Your Piano to our Piano Hospital Now

Your piano represents an investment of more money, possibly, than any other piece of furniture in your home. It's the best sort of economy to keep it in first-class condition. The case will become marred or tarnished. The action possibly needs regulating. One or more strings should be renewed. Perhaps the keys are broken, a pedal is not working properly, hammers need repairing, or some metal part ricknicked. There are many things insignificant if taken in time, that may, if neglected, prove ruinous to your otherwise good piano.

Phone Mad. 2734. Cable Piano Co. 213 East Broad.

EVERYTHING MUSICAL

Martinsville, his native county, for burial. Funeral of J. B. Winter, Jr. The body of J. B. Winter, Jr., who died suddenly in Dallas, Tex., a few days ago, arrived in Richmond last night. The funeral will take place from St. Mary's Catholic Church this afternoon at 4:30 o'clock. Mrs. Addie Tonik. [Special to The Times-Dispatch.] Lynchburg, Va., August 8.—Mrs. Addie Tonik, aged forty-two years, wife of Isaac Tonik, died this morning at her home, 912 Monroe Street. The remains will be taken to Philadelphia for burial. Mrs. Percy Hawkins. [Special to The Times-Dispatch.] Suffolk, Va., August 8.—Mrs. Percy Hawkins, twenty-nine years old, of Rocky Mount, N. C., formerly Miss Kate Ashburn of Suffolk, died Sunday at a mountain resort near Asheville. The body will be brought here for burial. Mrs. Elvira Whitehead. [Special to The Times-Dispatch.] Suffolk, Va., August 8.—Mrs. Elvira Whitehead, eighty-two years old, died to-day at her home in Smithfield. She was the mother of Mrs. J. C. Goodrich and A. R. Whitehead. Funeral of Herbert A. Austin. [Special to The Times-Dispatch.] Danville, Va., August 8.—The funeral of Herbert A. Austin, who died at his residence on Stokes Street, here yesterday, was conducted from the residence this afternoon at 4 o'clock, evening at 7 o'clock from Richmond. He removed to this city about twenty-five years ago. He was greatly beloved here and his death was received with sincere sorrow. He is survived by his wife and two children—Miss Elvira Whitehead and Mrs. Elvira Whitehead—Mrs. A. M. Tomlinson, of Richmond, and a brother, John Austin, of Petersburg. He was a member of the Epiphany Church. Funeral of Colonel W. J. Green. [Special to The Times-Dispatch.] Fayetteville, N. C., August 8.—The funeral of Colonel Wharton J. Green was held here this morning, being conducted at the Episcopal Church by the rector, Rev. Charles Noyes Tyndall, assisted by the former rector, Rev. W. H. Hatcher. The interment was in Cross Creek Cemetery. The honorary pallbearers were Colonel J. B. Star, Major J. H. Major Charles Halsh, Walter Watson, H. R. Horne and F. R. Ross, and the honorary casket bearers were Major A. Macketham, Dr. J. V. McGeough, Major B. R. Huske, E. J. Lilly, F. H. Steadman, W. L. Holt and W. L. Hawley. Local bodies of the United Confederate Veterans and Daughters of Confederacy attended the services.

DEATHS

MNAMARA—Died, at her late residence, No. 90 Louisiana Street, at 1:25 o'clock. MRS. MARY MNAMARA, widow of Daniel McNamara, native of County Clare, Ireland. Funeral from St. Patrick's Church at 3 P. M. WEDNESDAY MORNING at 10 o'clock. No flowers.

ST. CLAIR—Died, at his residence near Martinsville, Va., August 8, at 4:30 A. M. CAPTAIN W. T. ST. CLAIR, in the seventy-first year of his age, after a life of usefulness. His funeral service at Dover Church, in Goochland county, at 3 P. M. TUESDAY, August 9, 1910.

WINTER—The remains of J. B. WINTER, Jr., who died in Dallas, Texas, arrived in this city Monday night, August 8, 1910. Funeral from St. Mary's Church at 4:30 P. M. TUESDAY, August 9, 1910. And acquaintances invited to attend.

CONVICT DECLARES HE CAN SQUARE CIRCLE

Kansas City, August 8.—Asserting that he is able to square the circle and has made other mathematical discoveries which will have a sweeping influence on that science, Michael Angelo McGinnis, who is serving a ten-year sentence for forgery in the Missouri penitentiary, has offered to demonstrate his discovery to any committee of mathematicians Governor Hadley may designate if a pardon will be considered in his reward for success. His communication was sent to the Governor through Dr. D. J. Simpson, of Clarksville, Mo.

Dr. Simpson says the great discovery made by McGinnis is the reduction of the general equation of the tenth degree to an equation one degree lower. McGinnis claims that for the general solution of an equation containing literal coefficients there exists a general logarithmic solution for corresponding numerical equations, thus establishing a general method of solving numerical equations by logarithms.

He says he has found the exact ratio of the diameter of a circle to its circumference. Since the time of Euclid the ratio has been supposed to be 3.1416 plus. McGinnis says he knows just the "plus" is. He says he has discovered the exact root of all numbers, and that "imperfect squares" will be no more.

McGinnis says in his communication to the Governor: "So confident am I that I am right in what I claim, and fully realizing that my claims are of such a character as to be almost unbelievable, I will pay the railroad expenses of any three known mathematicians in Missouri to Jefferson City and return to pass judgment upon my proofs so that they may submit their findings to your Excellency."

McGinnis is a descendant of John M. Naper, inventor of logarithms, who died in 1817. "If McGinnis insists that he has discovered a method for the reduction

S.S.S. PERMANENTLY HEALS SORES AND ULCERS

No matter in what way an old sore or ulcer first commenced, whether from a wound, out, or bruise, or from the ulceration of a pimple, wart or mole, or even if it came without apparent reason, the fact that it does not heal shows that bad blood is back of the place. While the circulation remains impure and polluted the nerves and tissues of the flesh around the place are constantly being fed with unhealthy matter and the fibres are prevented from knitting together and healing. Purify the blood, the place MUST heal, its cause having been removed. S.S.S. cures old sores and chronic ulcers because it is the greatest of all blood purifiers. It cleanses and removes from the circulation every taint or impurity, and so enriches the blood that it feeds and nourishes the tender, sensitive flesh, causes a knitting together of all fibrous tissue and thus heals the place entirely; it works on the simple principle of curing by removing the impurities which produce the trouble. Book on Sores and Ulcers and any medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Why Not Use Our Circulating Library These Hot Days? 2c Per Day. Look over our 45c table. Lots of New Books. Pound Paper 12 1-2c Friday and Saturday.
